Counting in multiples songs

The best way to learn our times tables and counting in multiples is of course through singing!

These are the songs/rhythms we learn in school:

- When counting in **2s**, the children step from side to side while reciting the multiples

- When counting in **5s**, the children show one hand and then the other for each multiple

- When counting in **10s**, jump forwards and backwards while reciting the multiples

- **4** times table https://www.youtube.com/watch?v=8QU_E0u-tP4

- **8** times table https://www.youtube.com/watch?v=3SwaOvWD-PY

- **3** times table https://www.youtube.com/watch?v=9XzfQUXqiYY&list=PLb7Q5jsm9eh_fdDPQmVpyp4XRu-raUbHc
