# Bridge Farm Primary School

Weekly Newsletter
Term 4 - 13/03/2026

If you are worried about the safety of a child you can contact FIRST RESPONSE on 0117 9036444 for advice, support or signposting to an agency that will help you.

Next Friday, 20th March, we will be marking Comic Relief in school. Children are invited to wear non-uniform clothing that includes a red item in exchange for a monetary donation. This could be a red t-shirt, jumper, trousers - it doesn't have to be a completely red outfit (unless your child would like it to be)! Our Year 6 children will be collecting donations on the school gates as usual. Many thanks for your continued support.

## Appointments

We kindly ask that, where possible, all medical, dental, and other appointments are booked outside of school hours. Appointments during the school day can cause significant disruption to your child's learning and may result in them missing important lessons and activities.
If an appointment during school hours is unavoidable or is an emergency, please inform the school in advance and provide confirmation of the appointment.
Thank you for your cooperation and continued support.

We would like for you to join us in sending huge congratulations to one of our Year 4 class teachers - Mrs Hunter, who is expecting a baby during the summer of this year.
Mrs Hunter will be commencing her maternity leave during Term 6 and we are all delighted for her and wish her all the very best at this exciting time.

We would like to wish our Year 4 children a farewell for Monday and Wednesday when they head off on their residential camp to the Forest of Dean.
We can't wait to hear all about it when you are back.

## British Science Week

Cherry class completed our additional science lesson to celebrate British Science Week! We chose to make birds' nests and had lots of fun exploring the different materials we can use to make homes for our wildlife.

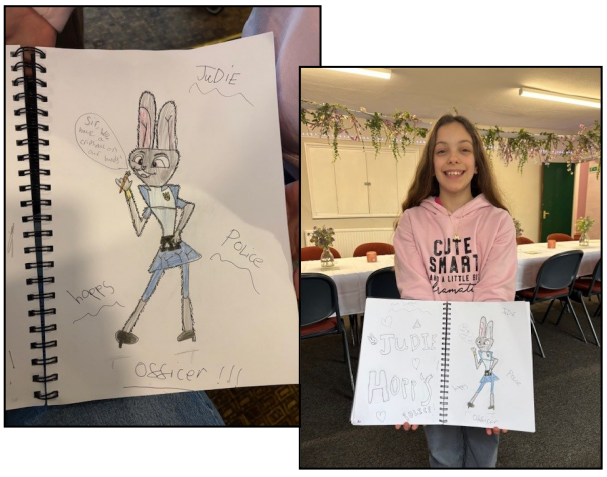

# Celebration Work

A shout out this week goes to Mia in class Year 5 Cedar. Mia drew his amazing piece of artwork completely from memory while doing a Draw with Kirsty season at the Whitchurch Folkhouse.
Well done Mia, we are super proud of you. Keep up the great work.

# Rights Respecting School

## ARTICLE OF THE WEEK

**On March 8th we celebrate International Woman's Day.**

This is a global day that celebrates the achievements of women and girls around the world. It is also a day to remind everyone that girls and women should have the same rights,
opportunities and respect as boys and men.
In the past, girls and women were often not given the same chances as boys. In many places today, people are still working hard to make sure girls and women are treated fairly and can go to school, work and follow their dreams. Children's rights remind us that every child should be treated equally and with respect.

**Article 2 says:**
*The Convention applies to every child without discrimination, whatever their gender, ethnicity, religion, language, abilities or any other status.*

**Article 29 says:**
*Education should help children learn to respect others and treat everyone equally.*
International Women's Day reminds us that girls and boys should have the same chances to learn, grow and succeed. We can all help by showing kindness, respect and fairness to everyone.
