    - Support and make provision for pupils with special educational needs and disabilities
    - Provide pupils with SEND access to all aspects of school life so they can engage in the activities of the school alongside pupils who do not have SEND
    - Help pupils with SEND fulfil their aspirations and achieve their best
    - Help pupils with SEND become confident individuals living fulfilling lives

- Make sure the SEND policy is understood and implemented consistently by all staff

2. Vision and values

At Woolavington Village Primary School our vision and values are at the core of everything we do. We are guided by three powerful words that shape everything we do: Learning, Believing, Achieving. 'Learning' is at the root of our role as we believe every child is a learner for life. Learning happens not only in the classrooms but through interactions and experiences which build engagement and connection. 'Believing' is making every child feel valued and respected, nurturing confidence, kindness and self-belief. Through 'believing' we foster a sense of belonging where children feel safe, included and inspired to grow. 'Achieving' is celebrating success, whether it's academic progress, personal growth or acts of kindness, we help children set goals and reach their full potential. We teach children to have a growth mindset where we never give up and always aim high. Our five values of Tolerance, Respect, Understanding, Strength and Trust underpin our school ethos and provide a learning environment which prepares all our pupils to be confident, happy citizens. We provide every child with access to a broad, rich, balanced and relevant Futura curriculum tailored to meet their needs and abilities. We are committed to making sure all our pupils, including those with additional needs, have the chance to thrive by creating an inclusive environment and supporting them to meet their full potential. We believe that collaboration with parents, between teachers, with other schools and the Trust, and our learners means that we work together to be the best that we can be.

3. Legislation and guidance

This policy is based on the statutory guidance Special Educational Needs and Disability (SEND) Code of Practice, Keeping Children Safe in Education and working together to improve school attendance.

This policy is also based on the following legislation:

- Part 3 of the Children and Families Act 2014, which sets out schools' responsibilities for pupils with SEND
- The Special Educational Needs and Disability Regulations 2014, which set out local authorities' and schools' responsibilities for education, health and care (EHC) plans, SEN co-ordinators (SENCOs) and the special educational needs (SEN) information report
- The Equality Act 2010 (section 20), which sets out the school's duties to make reasonable adjustments for pupils with disabilities
- The Public Sector Equality Duty (section 149 of the Equality Act 2010), which set out the school's responsibilities to eliminate discrimination, harassment and victimisation; and advance equality of opportunity and foster good

relations between people who share a protected characteristic (which includes having a disability) and those who don't share it

- The governance guide for academy trusts which sets out trustees' responsibilities for pupils with SEND
- The School Admissions Code, which sets out the school's obligation to admit all pupils whose education, health and care (EHC) plan names the school, and its duty not to disadvantage unfairly children with a disability or with special educational needs

This policy also complies with our funding agreement and articles of association.

4. Inclusion and equal opportunities

At Woolavington Village Primary School we strive to create an inclusive teaching environment that offers all pupils, no matter their needs and abilities, a broad, balanced and challenging curriculum. We are committed to offering all pupils the chance to thrive and fulfil their aspirations.

We will achieve this by making reasonable adjustments to teaching, the curriculum and the school environment to make sure that pupils with SEND are included in all aspects of school life.

5. Definitions

5.1 Special educational needs

A pupil has SEN if they have a learning difficulty or disability that requires special educational provision to be made for them.

They have a **learning difficulty or disability** if they have:

- A significantly greater difficulty in learning than most others of the same age, or
- A disability which prevents or hinders them from making use of facilities of a kind generally provided for others of the same age in mainstream schools

Special educational provision is educational or training provision that is additional to, or different from, that made generally for other children or young people of the same age by mainstream schools.

5.2 Disability

Pupils are considered to have a **disability** if they have a physical or mental impairment that has a substantial and long-term adverse effect on their ability to do normal daily activities.

The school will make reasonable adjustments for pupils with disabilities, so that they are not at a substantial disadvantage compared with their peers.

5.3 The 4 areas of need

The needs of pupils with SEND are grouped into 4 broad areas. Pupils can have needs that cut across more than one area, and their needs may change over time.

Interventions will be selected that are appropriate for the pupil's particular area(s) of need, at the relevant time.

AREA OF NEED	
Communication and interaction	Pupils with needs in this area have difficulty communicating with others. They may have difficulty understanding what is being said to them, have trouble expressing themselves, or not understand or use the social rules of communication. Pupils who are on the autism spectrum often have needs that fall in this category.
Cognition and learning	Pupils with learning difficulties usually learn at a slower pace than their peers. A wide range of needs are grouped in this area, including: • Specific learning difficulties, which impact one or more specific aspects of learning, such as: dyslexia, dyscalculia and dyspraxia • Moderate learning difficulties • Severe learning difficulties • Profound and multiple learning difficulties, which is where pupils are likely to have severe and complex learning difficulties as well as a physical disability or sensory impairment
Social, emotional and mental health	These needs may reflect a wide range of underlying difficulties or disorders. Pupils may have: • Mental health difficulties such as anxiety, depression or an eating disorder • Attention deficit disorder, attention deficit hyperactive disorder or attachment disorder • Suffered adverse childhood experiences These needs can manifest in many ways, for example as challenging, disruptive or disturbing behaviour, or by the pupil becoming withdrawn or isolated.
Sensory and/or physical	Pupils with these needs have a disability that hinders them from accessing the educational facilities generally provided. Pupils may have: • A sensory impairment such as vision impairment, hearing impairment or multi-sensory impairment • A physical impairment These pupils may need ongoing additional support and equipment to access all the opportunities available to their peers.

Parents or carers of a pupil on the SEND register will always be given the opportunity to provide information and express their views about the pupil's SEND and the support provided. They will be invited to participate in discussions and decisions about this support. They will be:

- Invited to termly meetings to review the provision that is in place for their child

The school will take into account the views of the parents or carers in any decisions made about the pupil.

6.7 The pupil

Pupils will always be given the opportunity to provide information and express their views about their SEND and the support provided. They will be invited to participate in discussions and decisions about this support. This might involve the pupil:

- Explaining what their strengths and difficulties are
- Contributing to setting targets or outcomes
- Attending review meetings
- Giving feedback on the effectiveness of interventions

The pupil's views will be taken into account in making decisions that affect them, whenever possible.

8. Our approach to SEND support

8.1 Identifying pupils with SEND and assessing their needs

We will assess each pupil's current skills and levels of attainment when they start at the school. This will build on information from previous settings and Key Stages, where appropriate. We will also consider any evidence that the pupil may have a disability and if so, what reasonable adjustments the school may need to make.

Class teachers will regularly assess the progress of all pupils and identify any whose progress:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better their previous rate of progress
- Fails to close the attainment gap between them and their peers
- Widens the attainment gap

This may include progress in areas other than attainment; for example, wider development or social needs.

When teachers identify an area where a pupil is making slow progress, they will target the pupil's area of weakness with differentiated, high-quality teaching. If progress does not improve, the teacher will raise the issue with the SENCO to have an initial discussion about whether this lack of progress may be due to a special educational need. Slow progress and low attainment will not automatically mean a pupil is recorded as having SEN.

Woolavington Village Primary School uses the Somerset Graduated Response Tool (https://www.somerset.gov.uk/children-families-and-education/the-local-offer/education/graduated-response/) to put strategies, interventions, and support in place as a 'graduated response', meaning that Universal strategies and provision are the foundation for all learners. Where appropriate they will, in consultation with the pupil's parents or carers, consider consulting an external specialist.

Potential short-term causes of impact on behaviour or performance will be considered, such as bullying or bereavement. Staff will also take particular care in identifying and assessing SEN for pupils whose first language is not English.

When deciding whether the pupil needs special educational provision, we will start with the desired outcomes, including the expected progress and attainment, and the views and the wishes of the pupil and their parents/carers. We will use this to determine the support that is needed and whether we can provide it by adapting our core offer, or whether something different or additional is needed.

If a pupil is joining the school, and:

- Their previous setting has already identified that they have SEN
- They are known to external agencies
- They have an education, health and care plan (EHCP)

then the school will work in a multi-agency way to make sure we get relevant information before the pupil starts at school, so support can be put in place as early as possible.

8.2 Consulting and involving pupils and parents/carers

Woolavington Village Primary School will put the pupil and their parents/carers at the heart of all decisions made about special educational provision.

When we are aiming to identify whether a pupil needs special education provision, we will have an early discussion with the pupil and their parents/carers. These conversations will make sure that:

- Everyone develops a good understanding of the pupil's areas of strength and difficulty
- We take into account any concerns the parents/carers have
- Everyone understands the agreed outcomes sought for the child

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

- Everyone is clear on what the next steps are

Notes of these early discussions will be added to the pupil's record and shared with their parents/carers.

We will formally notify parents/carers if it is decided that a pupil will receive special educational provision.

8.3 The graduated approach to SEN support

Once a pupil has been identified as having SEN, we will take action to remove any barriers to learning, and put effective special educational provision in place. This support will be delivered through successive rounds of a 4-part cycle known as the graduated approach (1. **A**ssess 2. **P**lan 3. **D**o 4. **R**eview).

1. **Assess**

The pupil's class teacher and the SENCO will carry out a clear analysis of the pupil's needs. The views of the pupil and their parents/carers will be taken into account. The school may also seek advice from external support services.

The assessment will be reviewed regularly to help make sure that the support in place is matched to the pupil's need. For many pupils, the most reliable way to identify needs is to observe the way they respond to an intervention.

2. **Plan**

In consultation with the parents/carers and the pupil, the teacher and the SENCO will decide which adjustments, interventions and support will be put into place, the expected outcomes, and a clear date for review.

All staff who work with the pupil will be made aware of the pupil's needs, the outcomes sought, the support provided and any teaching strategies or approaches that are needed. This information will be recorded on our management information system, (Bromcom MIS), and will be made accessible to staff in an Assess, Plan, Do, Review (APDR) Plan and a Pupil Passport.

Parents/carers will be fully aware of the planned support and interventions, and may be asked to reinforce or contribute to progress at home.

3. **Do**

The pupil's class or subject teacher retains overall responsibility for their progress.

Where the plan involves group or 1-to-1 teaching away from the main class or subject teacher, they still retain responsibility for the pupil. They will work closely with any teaching assistants or specialist staff involved, to plan and assess the impact of support and interventions and how they can be linked to classroom teaching**.**

The SENCO will support the teacher in further assessing the pupil's particular strengths and weaknesses, in problem solving and advising on how to implement support effectively.

4. **Review**

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed in line with the agreed date.

We will evaluate the impact and quality of the support and interventions. This evaluation will be based on:

- The views of the parents/carers and pupils
- The level of progress the pupil has made towards their outcomes
- The views of teaching staff who work with the pupil

The teacher and the SENCO will revise the outcomes and support in light of the pupil's progress and development, and in consultation with the pupil and their parents/carers.

8.4 Levels of support

School-based SEN provision

Pupils receiving SEN provision will be placed on the school's SEND register. These pupils have needs that can be met by the school through the graduated approach. Where the pupil's needs cannot be adequately met with in-house expertise, staff will consider involving an external specialist as soon as possible.

The provision for these pupils is funded through the school's notional SEND budget.

On the census these pupils will be marked with the code K.

Education, health and care (EHC) plan

Pupils who need more support than is available through the school's school-based SEN provision may be entitled to an EHC plan. The plan is a legal document that describes the needs of the pupil, the provision that will be put in place, and the outcomes sought.

The provision for these pupils will be funded from the school's notional SEND budget, and potentially from the LA (from the high-level needs funding block of the dedicated schools grant).

On the census these pupils will be marked with the code E.

8.5 Evaluating the effectiveness of SEN provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Tracking pupils' progress, including by using provision maps
- Carrying out the review stage of the graduated approach in every cycle of SEN support
- Using pupil questionnaires
- Monitoring by the SENCO
- Holding annual reviews for pupils with EHC plans
- Getting feedback from the pupil and their parents/carers

We will ensure equipment and facilities to support pupils with SEND e.g. changing tables are serviced and staff are trained to use them, as appropriate.

9. Attendance

Many pupils with SEND face complex barriers to attendance. Their right to an education is the same as any other pupil and therefore the attendance ambition for these pupils is the same as it is for any other pupil. However, they may need additional support.

Our approach to supporting pupils who are absent from school due to their SEND is set out in our attendance policy.

10. Safeguarding

We recognise that pupils with SEND can face additional safeguarding challenges. Children with disabilities are more likely to be abused than their peers, and additional barriers can exist when recognising abuse, exploitation and neglect in this group.

For more details of the pastoral support we offer pupils with SEND, and the support we provide to help pupils overcome any communication barriers they face, see our safeguarding/child protection policy.

11. Expertise and training of staff

Training will regularly be provided to teaching and support staff. The headteacher and the SENCO will continuously monitor to identify any staff who have specific training needs and will incorporate this into the school's plan for continuous professional development.

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

12. Links with external professional agencies

The school recognises that it won't be able to meet all the needs of every pupil. Whenever necessary, the school will work with external support services such as:

- Speech and language therapists
- Specialist teachers or support services
- Educational psychologists
- Occupational therapists or physiotherapists
- General practitioners or paediatricians
- School nurses
- Child and adolescent mental health services (CAMHS)
- Education welfare officers
- Social services
- Mental Health and wellbeing charities (e.g. Young Somerset)

13. Admission and accessibility arrangements

Up-to-date details about our admission arrangements can be found on our school website. (https://www.woolavingtonprimaryschool.org.uk/Admissions/)

13.1 Admission arrangements

Our school, in line with current government legislation, believes that the admissions criteria should not discriminate against prospective pupils with SEN or a disability and has due regard for the practice advocated in the SEN Code of Practice (2015). As part of this commitment, our oversubscription criteria will avoid unfairly disadvantaging pupils with a disability or SEN. Children who have undergone a statutory Assessment and are having their needs met through the provision of an Education Health and Care plan (EHC Plan), will be admitted to the school before any other places are allocated.

For children who have SEN but do not have an EHC plan, we will;

1. consider applications from parents of children who have SEN but do not have an EHC plan on the basis of the school's published admissions criteria as part of normal admissions procedures;
2. must not refuse to admit a child who has SEN but does not have an EHC plan because they do not feel able to cater for those needs;
3. must not refuse to admit a child on the grounds that they do not have an EHC plan. (SEN CoP 1:27);
4. the Equality Act 2010 prohibits schools from discriminating against disabled children and young people in respect of admissions for a reason related to their disability. (SEN CoP 1:28).

13.2 Accessibility arrangements

Woolavington Village Primary School is committed to equal opportunities and inclusion. In accordance with this commitment, our school Accessibility Plan (https://www.woolavingtonprimaryschool.org.uk/SEN/) covers the steps we have taken to prevent disabled pupils from being treated less favourably than other pupils. The Accessibility Plan also details the facilities we provide to help disabled pupils access the school grounds, including the provision of auxiliary aids and services. Through this plan, we will:-

- Increase the extent to which disabled pupils can participate in the curriculum

© The Key Support Services Ltd | For terms of use, visit thekeysupport.com/terms

- Improve the physical environment to enable disabled pupils to take better advantage of the education, benefits, facilities and services we provide
- Improve the availability of accessible information to disabled pupils and their families

Every effort is made to make our school site and facilities accessible to disabled pupils for example a lift was installed in the main school building and accessible toilet facilities situated in three separate areas of the school site.

14. Complaints about SEND provision

Where parents/carers have concerns about our school's SEND provision, they should first raise their concerns informally with the class teacher. We will endeavour to resolve the complaint informally in the first instance. If this does not resolve their concerns, parents/carers are welcome to submit their complaint formally.

Formal complaints about SEND provision in our school should be made to the Headteacher in the first instance. They will be handled in line with the school's complaints policy which can be found on our school website (https://www.woolavingtonprimaryschool.org.uk/Policies/)

If the parent or carer is not satisfied with the school's response, they can escalate the complaint. In some circumstances, this right also applies to the pupil themselves.

To see a full explanation of suitable avenues for complaint, see pages 246 and 247 of the SEN Code of Practice.

To find out about disagreement resolution and mediation services in our local area, please follow the link to our Somerset Local Offer https://www.somerset.gov.uk/children-families-and-education/the-local-offer/having-your-voice-heard/disagreement-resolution-and-mediation/.

15. Monitoring and evaluation arrangements

15.1 Evaluating the effectiveness of the policy

We are constantly looking for ways to improve our SEND policy. We will do this by evaluating whether or not we are meeting our objectives set out in section 1.

We will evaluate how effective our SEND provision is with regards to:

- All staff's awareness of pupils with SEND at the start of the autumn term
- How early pupils are identified as having SEND
- Pupils' progress and attainment once they have been identified as having SEND
- Whether pupils with SEND feel safe, valued and included in the school community
- Comments and feedback from pupils and their parents/carers

15.2 Monitoring the policy

This policy will be reviewed by the school SENCO **every year**. It will also be updated when any new legislation, requirements or changes in procedure occur during the year.

It will be approved by the full governing board.
