Word Processor (without spelling or grammar checking)

- A Word Processor (e.g. laptop) can be permitted in exams to remove barriers for students with learning difficulties, medical conditions, or physical/sensory impairments.
- Spelling, grammar checking and predictive text functions must be switched off.
- Laptops will be provided by the Exams Team.
- This award must reflect the candidate's normal way of working in class tests/assessments.
- Candidates using a word processor will be seated away from the main hall.
